~~Bangalore~~ 24 September 1898.

From H J BHABHA Esq,

Inspector General of Education in Mysore

To The Secretary to the Government of Mysore in the General and Revenue Depttts,

Bangalore

SIR,

I have the honour to inform you that the merchant class of Bowr have been maintaining a Girls School at their own cost since November 1895 The school is well managed and is one of the best Primary Girls' Schools in the Province - The progress in Arithmetic, Kannada and singing shown at my inspection in last June was very good There are 56 girls of whom only six are Brahmins, classified as follows II 10, I 8, Infant B 7, Infant A 31 For the maintenance of the school a sum of about Rs 700 was collected by subscriptions This amount has been nearly all spent For some time monthly subscriptions amounting to Rs 10-8-0 were collected.

but these subscriptions too have been stopped. The people are most anxious that Government should take over the school. It is now held in a spacious temple. The people promise to give the use of the temple until other suitable accommodation which is difficult to procure can be obtained. I recommend that Government may be pleased to take the school over from the 1st October 1898 at a monthly cost of Rs 31, to be met from the provision of Rs 616 for New Schools, entered in the budget estimates of the Village School Fund, which is now before Government. The present cost and proposed establishment of the school are shown below

Present cost	Rs
Headmaster	11
Assistant	8
Conductress	4/8
Contingencies	8/as
	Rs 24

Proposed Establishment	Rs
Headmaster	12
Assistant	8
Conductress	4/8
Contingencies	1/8
Rent	5
	Rs 31

I have the honour to be,

Sir,

Your most obedient servant,

SIR

In continuation of my letters No. 2757/97 dated 24th September 1898 and No 3806/142 dated 7th November 1898 I have the honour to forward herewith a petition given to me during my tour by the people of Birur praying that The private Girls' School now maintained by them may be taken over by Government and made a Government School The School was established in November 1895 by the officials and merchants of Birur who besides promising monthly subscriptions of about Rupees 10 altogether gave donations amounting to a total of about Rupees 700 The sum collected as donations has been exhausted in supplementing the monthly subscriptions till now and it has become extremely difficult

to maintain the School from monthly Subscriptions alone The Civil Surgeon of Chikmagalur and the Hospital Assistants of Birur and Kadur between Themselves contribute at present Rupees twelve a month and a few merchants give irregularly small subscriptions amounting to about Rs 5- The total amount of Rs 17 a month is now obtained with great difficulty, and the present Subscribers declare their inability to continue their subscriptions any longer. The School has 62 pupils on the roll of whom 30 are Lingayets, 20 Vaisyas, 3 Goldsmiths and 9 Brahmins About 10 girls are above the age of 11 For some time two teachers were employed, but at present for want of funds only one teacher is employed for 62 girls divided into four classes The School has been held rent-free till now in a temple for which The Muzrai Dept is now demanding rent. The progress of the School has been very fair

2 If Government are not pleased to relieve The Subscribers and establish a Government School as proposed by me The School will have to be closed and the people of Birur who opened the School

Sir

We the townsfolk of Dindigul having leave to approach you with the following few lines, hoping that our requesteth will have your due attention

That we with the helps of private subscriptions, started a girls school in the year 1875 and maintained it up to date at a monthly cost of Rs 25

That we repeatedly requested you both in person and in writing of the

to take it ~~____~~ Government and
relieve us of the extra drainage
from our private funds

3 That this would not be out
of place to mention that one special
feature of this school is the larger
attendance ~~and~~ of grown up girls
The school has made very good
progress in education, for the short
duration of its existence

4- That at Kadur and other places
institutions of similar kinds were
at first started by private charities
and taken over to Government within
a year or so of their establishment,
but we have been extremely
unfortunate in this, that our institution
should not have been taken over

5- That we therefore humbly beg
to state that if Government will not

come to our help and relieve us
of this charge, the school will then
dwindle to nothing and we therefore
pray that our benign Government
whose charity is well known, will
kindly extend its ready and willing
hand to this commercial town of
growing importance

In Conclusion we pray
that early orders may kindly be
issued on the subject

We beg to Remain
Sir
Your most obedient Servants

A Girl school is a most desirable institution here and as it is being maintained by the public for the last so many years, the Government should be kindly moved to take the school under its kind patronage

Sir

With reference to your Docket No 13240/Ed 289, dated 19th May 1899 enquiring if the Girls School at Bowr may, as hitherto, be continued to be located, free of rent in a portion of the Sri Anjaneyaswamy temple at that place I have the honor to state that the temple in question is a Murzan Institution and is under the management of this Department During my inspection of this temple in April 1897 I found that a portion thereof had been occupied by the temple Archak and his family, another by the master of the Girls' School, while a third was being

come to, the matter being still under correspond-
ence U

2 With reference to the question of rent now raised in your Docket under reply, I can only say that it is but fair that the temple should get a reasonable return for the amount it has expended on the building in question. Considering the local demand for such buildings, a rent of Rs 7 or 8 will not be excessive, but in the present case I will however fix the rent at Rs 5 a month, and this on the understanding that any repairs that may occasionally be needed to the building occupied by the school should be executed from the funds of the Educational Department without the temple being called upon to defray these charges by reason of its being paid the small rent of Rs 5. It is only on such conditions that temple buildings have elsewhere been let out for similar purposes,

purposes, such as for Court-houses, schools etc

I have the honor to be,

Sir,

Your most obedient servant
